

MiniFresh®

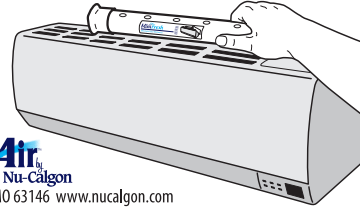

- Freshens Room Air and Mini Split Unit
- Keeps Indoor Unit and Coil Cleaner
- Eliminates Odors from Mold, Smoke, Bacteria, Pets, Chemicals and More!

Mini Split Odor Eliminator Treats Up To 12,000 BTU Indoor Unit For 2-3 Months

Directions: Remove two strips to activate and place MiniFresh on return louvers on top of indoor unit. MiniFresh will naturally treat unit and space. For extreme odors/problems or larger units, use more than one MiniFresh. MiniFresh is slightly elevated above louver and will not block air flow. Keep out of reach of children. Do not store above 125 F or below 15 F. Non-Toxic & Environmentally Friendly.
