Evap Pow'r®-C is a concentrated biodegradable detergent, specifically formulated for "no-rinse" application on indoor coils. Its metal-safe formula protects system metal while its detergents clean away stubborn soils and deposits.

APPLICATION:

Indoor coils on air conditioning systems. Ideal for aluminum coils, including microchannel

SAFE FOR FOOD PROCESSING AREA: Evap Pow'r®-C is acceptable for use as a general cleaner on coils and other surfaces in and around food processing areas, where its use is not intended for direct or indirect food contact. Cover or remove all food products in the area where the product will be used. Food preparation surfaces cleaned by this product must be rinsed with potable water prior to preparing food.

DIRECTIONS FOR USE:

This product must be used in accordance to the following directions by HVACR professionals only.

- 1. Goggles, gloves and other protective garments should be worn when using this product. System must be shut off.
- 2. Apply using any of the Nu-Calgon sprayers or other durable, low pressure, plastic sprayer.
- 3. Prepare cleaning solution by mixing one part Evap Pow'r-C to three parts water. Add the water to the sprayer first, then add the cleaner.
- 4. Spray cleaning solution onto dirty evaporator. Rinsing is not required particularly where there is sufficient humidity being condensed from the ambient air to provide a flushing or rinsing action.
- 5. Return system to service.
- 6. Rinse out sprayer, spraying wand and nozzle
- 7. When container is empty, rinse, replace cap and dispose of properly.

NOTE: For maximum results, do not use Evap Pow'r-C undiluted or any stronger than one part cleaner to three parts water.

INDOOR COIL ODORS: For odors at the indoor coil, consider Nu-Calgon Evap-Fresh®, or Bio-Fresh® cd. To prevent drain pan odors or clogs, request Nu-Calgon PanPads, Gel Tabs, or Pan-Treat®.

AFFECT ON ROOFING MATERIAL: Depending on its composition and condition, the color and finish of roofing material can be affected by coil cleaners (e.g. discoloration or tarnishing). It is recommended that the coil cleaner be tested on a small area of the roof prior to cleaning, particularly galvanizing or standing seam metal roofs. Do not use on aluminum or aluminum-coated surfaces.

RUBBER ROOFS: In general, the product is safe on rubber except where the rubber roof is impregnated with aluminum chips (i.e. modified bitumen roof); do not use on rubber roofs that contain aluminum. In these circumstances, use CalClean, Cal-Green, Green Clean or Tri-Pow'r HD - first evaluate in a small test area.

PREVENTION: Avoid breathing mist or vapor. Contaminated work clothing must not be allowed out of the workplace. Wear protective gloves. RESPONSE: IF ON SKIN: Wash with plenty of water. If skin irritation or rash occurs: Get medical attention. Take off contaminated clothing and wash it before reuse.

STORAGE: Store away from incompatible materials. DISPOSAL: Dispose of contents/container in accordance with local/regional/national/international regulations.

KEEP OUT OF REACH OF CHILDREN.

CONTAINS (CAS#): Water (7732-18-5), Tetrasodium Iminodisuccinate (144538-83-0), Alcohol Ethoxylates (withheld), Sodium Xylene Sulfonate (1300-72-7), Undecan-1-Ol, Ethoxylated (34398-01-1), Sodium Gluconate, Undeceth-3, Citric Acid, Benzisothiazolinone, Methylisothiazolinone, Colorant.
